## eLearning at MHS Resumes on April 10

MHS Families,

As our state and our country continue to fight the COVID-19 outbreak, we learned during Spring Break that the Governor has ordered all K-12 schools to move to remote learning for the remainder of the 2019-2020 school year. Our teachers and staff are saddened that we will not be returning to our schools and classrooms to finish the school year. Our coaches and athletes are disappointed to lose the spring sports season. We are especially sad for our seniors and the important events they were anticipating in the coming weeks. Our high school staff is working to find alternative ways to celebrate our seniors' accomplishments and will be sharing those details in the coming weeks. In addition, we are in the planning stages of a virtual graduation celebration for all of our graduating Class of 20 seniors.

We know this new information leaves our parents, staff, and students with many questions. Please know that our school leadership team is working through decisions as quickly as we can and will be sharing them with you as they are finalized via email, Twitter, Facebook and our website.

Yesterday (April 6th) we returned from Spring Break and all MHS teachers are using April 6th thru April 9th to plan for the remainder of the school year now that all instruction will be delivered via eLearning. Below is the new eLearning schedule for the month of April. We have added one additional eLeaning day per week on Thursday (Student Independent Work Day) in an effort to reach the state required 20 eLearning days before Memorial Day. This additional day per week will hopefully enable us to conclude the school year for students on **Friday, May 15th** (if approved by IDOE).
