Notice: Free Meals for All Students

The United States Department of Agriculture (USDA) has approved all schools to offer free breakfast and lunch to all students regardless of income for entire 2021-22 school year.

Some things to keep in mind:

- Students must take the required components to make a reimbursable meal in order for it to be free. How students make a reimbursable meal will be posted/displayed in the cafeteria or during meal delivery. The cashier or other school staff will help students take a full reimbursable meal.
- If students purchase extras (such as a bottled drink) available in the serving line, a la carte (such as a singular milk or entrée, etc.), the student will be charged for these items. If your student intends to purchase items other than a meal, please make sure there are adequate funds on their account.
- Nothing needs to be sent to the school in order to have a student receive meals for free. Free meals are automatically offered to all students regardless of income.
- Families that believe they would qualify for free and reduced meals normally, should still submit a free meal application as this can help with qualifying for other assistance programs for the family and student. Benefits from completing applications stretch far beyond the cafeteria and impact students in the classroom and at home. All information submitted in these applications is private and confidential.
- To help minimize the passing of germs, the cafeterias at each school will be using hands-free scanners to enter lunch codes into the computer. At the Middle School/High School, the lunch number/bar code is on the student ID from school year 2020-21. It is also printed on the 2021-22 agenda. The cashier can still enter the code manually if the student doesn't bring the bar code to lunch. The cafeteria will have extra copies of all bar codes. At the Elementary School, students will be supplied with bar codes.
